Dear Mr. Valentine:

This is further to yesterday's letter concerning your 19 November 1993 Freedom of Information Act (FOIA) request for "all records, memorandum, studies, correspondences, cables, notes, summaries, and other documents relating in whole or in part to the CIA project [...] titled the Victims Task Force."

When reviewing a copy of the documents released to you, we noticed that the document numbered 74 – a memorandum dated October 1979 with a cover sheet – was missing pages 8 through 16, and we must assume that your copy is also incomplete. Therefore, we are sending you another copy of document 74, which includes all releasable pages. Please accept our apologies for any inconvenience this error might have caused you.

Sincerely,

A handwritten signature in cursive script, appearing to read "Kathryn I. Dyer".
