RESUME FOR AN ARTICLE ON JOHN LENNON'S ASSASSINATION

1. John Lennon's murder was one more of a long list of political assassinations, silencing a man for peace and change.
2. David Mark Chapman, the assassin, was a brainwashed tool.
3. "Detente" and "peace" are lethal words in a government geared to start World War III.
4. Rock music and rock musicians have the potential for large crowds assembled for anti-war purposes. The only social movement for peace. They filled the void, the church failed.
5. "Operation Chaos" and other Federal projects have been geared to wipe out any dissention from musicians, blacks, or other civic minded leaders.
6. John Lennon and the Beatles had the potential to assemble, to cry for "peace", with the USA ready to start war in Poland and the Middle East as soon as Renald Reagan and the Hoover Institute take control of the White House-Pentagon.
7. President John F. Kennedy was murdered Nov. 22, 1963.
The war in Southeast Asia, planned in advance, escalated Nov. 24, 1963
John Lennon murdered Dec. 9, 1980. War imminent for US today.

MOTIVES FOR KILLING JOHN LENNON PLANNED A LONG TIME AGO

Attitudes about organized religion, anti-macho success story, anti-war songs and activism, anti-establishment way of doing things and doing it well. It worked. He laughed at all of them.

WERE THERE DOUBLES OF MARK DAVID CHAPMAN? LIKE OSWALD, SIRHAN BREMER, DONALD DeFREEZE (SLA) AND OTHERS?

1. When a photographer took pictures of Lennon and Chapman, the NEW YORK POLICE REFUSED TO ACCEPT THE PICTURES.
2. When arrested, Chapman had a coat over his face and head, not seen. This happened when Oswald, with doubles, was "arrested" in Texas Theatre. "Oswald, "why should I hide my face, I havent done anything to be ashamed of." 1:45, Nov. 22, 1963.
3. Chapman's wife called by NEW YORK POLICE, to Hawaii, "don't issue any pictures of him".
4. Miami police, "erroneously" said Chapman had a "criminal record." A computer producing the name of a fugitive, same last name, date of birth, race, approximate height as slaying suspect".
Chapman lived in Miami, same as Oswald,
where Oswald doubles worked with FBI, CIA,
Police.

DID MARK DAVID CHAPMAN'S MIND CONTROL BEGIN IN BEIRUT, LEBENON?
