"PAUL BLOCK DIES, CHAIRMAN AND CO-PUBLISHER OF MONTEREY HERALD, TOLEDO BLADE, PITTSBURG POST GAZETTE". Block, a "private man", spent a lot of time in his Pebble Beach Home. MH 3/16/87

When retired military editor of Monterey Herald refused to publish Jack Anderson's article on PROJECT PAPERCLIP, Mr. Block immediately requested (ordered) it printed in his paper. Six days later, we could read,

SFC 10/22/79 JACK ANDERSON, "OPERATION PAPERCLIP"

MONT. HERALD 10/28/79 JACK ANDERSON, "PAPERCLIP SAVES NAZI CRIMINALS"

PARTS LEFT OUT OF THE CHRONICLE ARTICLE, ALLOWED TO BE PRINTED IN MONTEREY HERALD.

"Trained to serve humanity, they should have had a better grasp of right and wrong than homicidal, moronic thugs of the SS who did the actual butchering. Yet it was German scientists who developed the mass-murder techniques the SS used, and who performed unspeakable "experiments" on Jews, Russians, prisoners -of-war and other helpless victims". "Their expertise was a salable commodity in the East-West competition that sprung up before the ashes of defeated Germany were EVEN COOL". "This laxity by federal authorities enabled NAZI CRIMINALS to settle in the U.S, secure from prosecution for their ATROCITIES". "Derogatory information on a particular scientist recruit was SIMPLY OVERLOOKED because the govt. considered him TOO VALUABLE to risk losing to the Russians or to a DE-NAZIFICATION COURT". "When one govt. official made the reasonable suggestion that the Germany scientists should be permitted to come here ONLY ON REGULAR VISAS, he was quickly overruled on grounds of "EXPEDIENCY".

"Others were brought to Canada and Mexico AND SNEAKED INTO THE UNITED STATES". In one incidence cited in the documents, an America escorting officer PULLED A GUN and threatened a govt. official who questioned the propriety of allowing a group of German scientists INTO THE UNITED STATES." "Once in the country, the German scientists were given LUCRATIVE JOBS IN AMERICAN INDUSTRY. Some even received security clearances to work on sensitive defense projects". "The Paperclip documents show that the involvement of the U.S. govt. with alleged NAZI CRIMINALS was far more extensive than previously believed".

Thanks to Paul Block, we receive daily the full Anderson articles, SF Chronicle deletes.
